# **The contest: TEN-T Network**

## **Motorways of the Sea: Project n.21 TEN-T network**

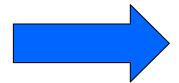

# What is the definition of Motorways of the Sea?

### Motorways of the Sea (White Paper, 12/09/2001):

The Intermodal land - sea (and not combined) transport instead of only road itineraries through frequent and regular services, included in the Trans-European Transport Networks.

### Short Sea Shipping (COM(1999) 317, 29/06/1999):

Goods and passengers maritime transport among European ports or between these ports and other ones situated in extra European countries, having a coast on a closed sea limitrophe of Europe.

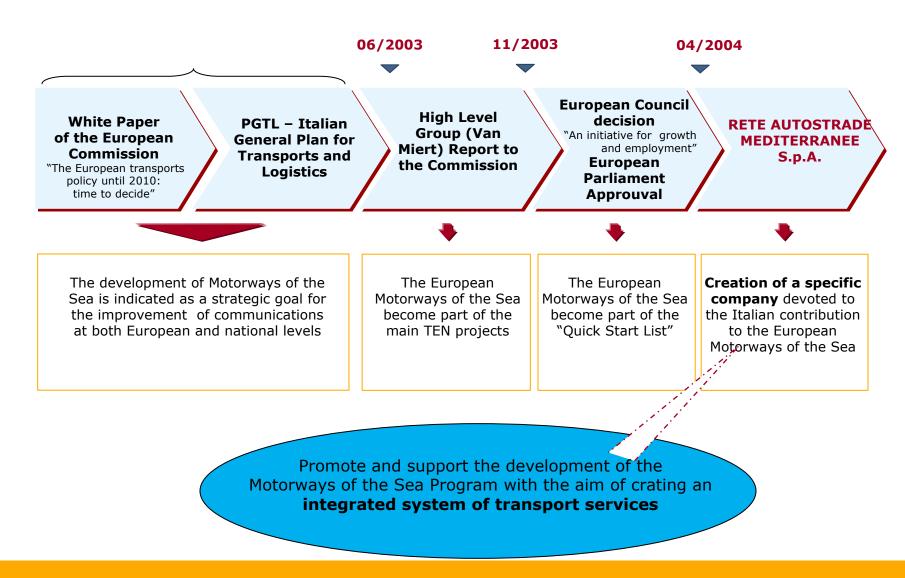

At European level, Motorways of the Sea represent an alternative to road itineraries and may be considered a part of Short Sea Shipping concept

#### **Cohesion and Modal shift**

In TEN-T Directive of April 29, 2004, article 12 bis (L 167/15, 30/04/2004), which gives a legislative framework to Motorways of the Sea, EU declares that MoS could achieve the following objectives:

- 1. Freight flux concentration on maritime logistic routes
- 2. Cohesion grow
- 3. Reduction of road congestion for a better modal repartition
